

HITCHIN, 06/10/13

AM COCKERS – Thank you to the officers & committee for its kind invitation. Thank you to all exhibitors for their support & for taking the time to present their dogs so beautifully for me. I would have liked to have found more muscle on all exhibits.

J (3,1a) 1 Hume's Anias n Ecclesiastes UK Connection, a beautifully balanced b/w bitch, 6 months & at her first show. Presents a lovely profile with correct topline. Well balanced & angled all through. Beautiful, feminine head of correct proportions, with the most appealing of expressions. Good for body & bone. Well presented. Could be handled to better advantage. Took time to settle on not the best of surfaces. Once settled moved true out & back, showing good forward reach & drive. BP;

2 Ingarfill's I A Gigalo of Anamericha Color Dreams, 9 month old, well marked bl/r/t dog. Not as balanced as 1 at this stage. Good eye & expression. Well laid shoulder & good upper arm. Deep chest, well sprung rib. Good turn of stifle & neat feet. Needs to go up in front to complete the picture. Positive mover, covering the ground well with plenty of enthusiasm.

PG (1) 1 Harris' Harrisburg Little Princess, compact buff bitch. Pretty, well proportioned head. Plush muzzle. Good in back skull. Clean, reachy neck into well made front assembly. Short, strong back. Ribs well sprung. Correct tailset & carriage. A real showgirl, moving out with drive from firm, well placed hocks.

O (6,3) 1 Palmer's Amemoria Diamond Jubilee, quality black dog, balanced with lovely head chiselling, broad, square muzzle. Lovely eye & expression. Plenty of bone & substance. Excellent reach of strong neck. Big ribs, good depth of chest & plenty of heart room. Straight front. Strong, correct topline. Good angulation fore & aft. Easy, ground covering gate with plenty of reach, drive & style! Being critical he's a little proud of his tail. Handled & presented to best advantage. BOB & G3;

2 Seed's Norraysha Flower Power. RBOB.
