

Hitchin and District Canine Society 19th October 2014

POINTER:

Thank you to the Committee for inviting me to judge at this well run show and to the exhibitors for their support. The surface of the arena had been rolled but had a number of ridges left in it which unfortunately appeared to effect movement in some dogs.

J 3 (1) 1. Brooksmith's Medogold Kiss N Tell JW, liver and white bitch just out of puppy, good reach of neck set on well laid back shoulders with gently sweeping stifles which presented a nice outline, good topline which she held on the move, moved with drive and was my best mover on the day. Pleased to award her BOB. 2. Brown's Teisgol Lady of Beauty, pretty liver and white bitch rising 7 months, pleasing head, good angles front and rear, just needs time to settle, BP.

PG 5 (1) 1. Coone's Bonnygate Lady Whisper of Valleypoint, pretty orange and white bitch rising 5, on the compact side for me but with everything in proportion, presented a pleasing overall picture, steady mover, RBOB. 2. Brown's Teisgol Think About It, 4 year old black and white dog, good depth of chest, well angled front and rear, not as steady on the move as 1. 3. Beesley's Ridanflight Rhodri at Birchleith.

O 5 (3) 1. Brooksmith's Nightgold Blackavar, 3 year old black and white bitch, good reach of neck, lengthy sloping pasterns, good angles to front and rear, good length of stride. 2. Brown's Teisgol Carioca, 4 year old black and white dog, good pasterns, would prefer more front and rear angulation, not the movement of one.
