

I'd like to thank the very hardworking Committee for giving me this opportunity. The show was really well run with a lovely atmosphere. Can I also thank my steward Lisa Parker who was a great help. Last but by no means least I'd like to thank the exhibitors for such beautifully presented dogs with lovely temperaments all were a credit to the breed and it was nice to see the Bob and RBoB went on to do well in the AV classes.

Special Yearling – (1) Hancock's Szolohegyi Bitanguzo Jett. 23 month old male showing some colour in the coat. Sweet expression with good pigment. Nice head with correct scissor bite. Well-constructed with good muscle. Balanced on the move. RBoB.

Limit – (1) Clarke's Cotonkiss Buddy Holly. 3 year old male with lovely dark pigment. Proud head carried high on neck. Good depth of chest. Correct proportions and well-muscled. Full white coat of good texture. Very steady on the move. BoB. (2) Clovers Carbonebianco Pupa. 9 month old bitch. Good head with lovely expression, good pigment and correct scissor bite. Sporting a lovely puppy coat. Good proportions and angulation front and rear, well-muscled, very steady on the move. Look forward to seeing her develop. BP.

Open – (1) Clovers Cotonalba Creach. 3 year old male with dark pigment and of good size. Nice head and eye with correct scissor bite. Good angulation front and rear with good muscle tone. Full white coat of correct type. Very well balanced on the table but unfortunately didn't move well round the ring.
