Pointer

Thank you very much to the committee for my appointment, to a fabulous steward and to the exhibitors for honouring me with their super exhibits.

Pointer, Junior

4 (1)

1- Bird's, Medogold Burn Baby Burn at Vinepoint

L/W dog 19 months with a very happy disposition, melting expression and beautiful eye. Balanced, very pleasingly proportioned skull. Clean neck leading into long and well-placed shoulder. Forelegs straight and with correct oval bone and correct pasterns and feet. Nicely short coupled. As a junior, his hindquarters yet to come together and with his ribs and body to fill some. Decent width of second thigh and hocks properly straight to stifle. Moved out soundly with plenty of eager style and good reach, holding a steady top-line whilst using his tail.

2 - Bradleypoint I Did It My Way

Pointer, Post Graduate

3

1 and 2 in this class quite different and equally of good quality.

1-Adams's, Desfrisa Gentle Joker

B/W dog noble headed dog of 2 years. Strong and upstanding, he stood over the ground well. Really pleasing and well-proportioned skull and set on of ears; perfect dentition, dark eye and kind expression. All masculine whilst retaining a melting expression, curved outline and grace. Muscular, slightly arched neck into long, well laid shoulder flowing into super return of upper arm.

Forelegs straight and with correct oval bone, pasterns and well-cushioned, oval feet. Deep through chest and ribs carried well back to strong loins. Well-turned stifles with balance and width to thighs.

Clean footfall in his side-gait and coming and going. Keen and alert, he moved soundly with a good length of stride needing more room than the ring offered.

2 - Asterope Lightening Star via Teisgol JW

3 - Scobec Dream Lover

Pointer, Open

4 (1)

1 - Baker & Baker-Roullier's, Desfrisa Flirtini JW

BOB and Gundog Group 4

B/W, 2year old, feminine bitch very pleasing in construction, superbly elegant, balanced and totally at ease with her handler.

Balanced and beautiful skull, true to type, perfect dentition and set on of ears.

A melting expression in her pretty face and dark eye. Clean, gently arched neck leading into a lengthy shoulder flowing into a good return of upper arm. Forelegs straight with correct oval bone, pasterns and oval shaped feet.

Ribs carried well back to strong loins and short coupling. Stifles well turned and good expanse of first and second thighs; slightly more muscle tone to develop.

Beautiful hocks and properly upright to stifle.

Moved out with grace, effortlessly covering plenty of ground, holding her top-line and whilst using her lovely tail.

2 - Brooksmith and Adams's, Nightgold Blackavar

RBOB

B/W 5year old, feminine bitch in lovely condition with super muscle tone throughout.

Very pretty expression and a balanced skull. Occiput is pronounced, stop well defined and perfect dentition. Clean neck into a good length and lay of shoulder and corresponding return of upper arm. Forelegs straight and strong with correct oval bone, pasterns and oval shaped feet.

Excellent body depth, brisket well let down and longer in body length than my BOB. Very nice sweep of stifle with hocks beautifully upright.

Eagerly moved out with good reach, smoothly covering the ground whilst holding a firm top-line.

3 - Ridanflight Rhodri at Birchleith

Karen Tregaskis
