

# Hitchin DCS

## 14.10.18

Firstly thank you to the Committee of Hitchin CS for inviting me to judge at their very well run show, and making me very welcome thank you. Although numbers were not big there was no shortage of quality.

### **BICHON FRISE:**

**J** (2) 1 & RBOB, Gallagher's Rushmar Deziner Kisses With Junanger. A very nice female of twelve and a half mths super head, good dark round eye, well off for pigment, good arched neck fitting nicely into the shoulders good straight front, nice topline and rear angulation giving her plenty of drive on the move which was good both coming and going well balanced on the move keeping a nice profile coming to rest four square.  
2 & BPIB Anderson's Brokengate She's A Rebel. Another quality youngster good head eyes and pigmentation well laid shoulder and good front, level topline good spring of rib, good rear angulation slightly hesitant on the move possibly due to underfoot conditions could easily change around another day.

**O** (1) 1 & BOB, Anderson's Brokengate Yes M'Lady. All quality, everything in proportion from head to tail, she came with a super head, large dark round eye with good pigmentation, good dentition, good length of neck, well laid shoulder and straight front, good depth of brisket, good topline, well set and carried tail, nice rear end, beautifully balanced on the move, keeping a good profile, showed well.

### **ETT:**

**J** (5, 3) 1 Wiles' Shedan Follow That Girl. A very nice female of nice size and type, super wedge shaped head, good almond shape eye, dark in colour, well set and carried ears, nice length of neck fitted to a well laid shoulder, good straight front and nice topline, good rounded rear end, moved and showed ok.  
2 Turner & Merrifield's Amalek Meleta. Another lovely exhibit of nice type and size, good head, well set ears, good straight front and well laid shoulder, good topline and well tucked up into loin, but made life hard for herself, she was very unsettled which had it been the other could have been a different story.

**L** (1, 3) 1 & BOB, Turner & Merrifield's Kinzie A Kept Promise. A lovely female, again a nice sized exhibit of 11 mths, true to type, nice long wedge shaped head, good length of neck, well laid shoulder, good front and topline, super extended movement in places which got her over the line, but unfortunately, again, very unsettled.

**O** (1, 2) Turner & Merrifield's Kinzie A Forever Promise. I notice litter brother to previous, which they were of similar type, but again all his qualities were put to one side, as again, he let himself down on the move.

**Colin Wills**
