## DOBERMANN

**Open 1(0) 1. Tousent/Ingram's Jojavik Camorra JW ShCM.** Lovely example of the breed, balanced, good feet, feminine head, a little exuberant but settled, moved lovely in profile and has good forechest, **BOB** & G1.

## ROTTWEILER

**Junior 3(2) 1. Miller's Bereyda Firestorm.** 6 months old today! Carrying a lot of puppy weight at the moment, very sweet head, good croup and nice muscle, movement a little erratic and handling could improve, still can't hold top-line and carrying a little bit too much extra weight at the moment, **BP**.

**Open 2(1) 1. Weber's Hakkihause Valerie.** Balanced and extremely well-muscled in rear, still not holding top-line as well, pleasing head and measured movement in profile, **BOB**.

## AV IMPORTED BREED REGISTER

**Junior 4(1) 1. Milham's About A Girl The Winter Souls to Shadowshack (imp ESP)** – White Swiss Shepherd. Balanced and well-muscled, moved well in profile, good croup and coat, handled and gaited well.  
2. **Martin's Scenterbay Nemesis** – Black and Tan Coonhound. Lovely gait and profile, just lacked the condition of 1, just needs a bit more time to come together.  
3. **Sladden's Khyannes Vilette at Canemamans (imp HUN)** – Braque D'Auvergne. Loved this girl but was overwhelmed with the surroundings on the day. Beautiful movement in profile and nicely put together. Deserves a mention as I'm sure she will go on to do very well.
