Excellent type, a handsome male well developed for his age. Head is well proportioned, good stop, good ear set and correct eye shape harmonising with coat, soft expression. Good spring of rib, well set hocks and good tail set. Pleasing in profile, balanced and well angulated, with good bone throughout, coat of correct texture. Well handled. Delighted to learn he went on to win Pastoral Puppy Group 1. **(BPIB)**

2nd Mrs S & Mr P Critchlow – Pavoskas Fuschia. Brown Wolf Sable. 11 Months

Very pretty bitch with a feminine expression. Eyes harmonise well with coat colour, her head is narrow at this age as is her muzzle, and both need time to develop. Ears are well set. Coat of good texture. Good spring of rib and good tail set. Pleasing in profile, balanced and well angulated, moved well, if a little erratic today.

Another attractive bitch of good type, with a well-proportioned head with a good stop, soft expression, eyes harmonising well with coat, good ear set. In good coat of correct texture, moved well from all angles, but unfortunately carrying too much weight today.
