French Bulldogs

Puppy 1

1st Miss V Bryant. Archness the Audacity. This 10mth brindle male has everything I would want from a pup at this stage. So well balanced, lovely type, good bone without any exaggeration, with short, fine coat. Beautiful head, dark round eyes, lovely width of muzzle, perfect bite, fabulous nostrils, well developed cheek muscles, just right for age. Domed forehead, flat skull. Parallel, rounded top and well used ears. Moderate, well arched neck. Straight, front with excellent pasterns, very good feet with short nails. Cobby body, well sprung ribs, gentle roach, just the right amount of cut up. Slightly longer rear legs than front, excels in rear angulation, which shows in his free flowing movement. Look forward to seeing him rise to the top B.P & R.B.O.B Lovely to see him take P.G.1

Junior. 3 (1)

1st Miss V Bryant, Archness the Vivacious 10mth old fawn female with black mask. Lovely size and balance, excellent mouth and width of jaw, well rounded cheeks, dark eyes, good stop. Strong, arched neck, excellent rib and roach, moved well when settled.

2nd Miss V Humphries, Misha Medvezonkas chocol, Brindle male, 1yr old, makes a neat picture when standing, very smart, lovely width of muzzle, good bite. Used his well rounded, parallel ears. Rib needs to develop a little and not the roach of 1. Moves out well with free flowing movement. Well handled.
