Basset Griffon Vendéen (Petit): I would like to thank the canine society for inviting me to judge this breed for the first time and the exhibitors for their entries, all exhibits were well presented in clean condition and no incorrect bites. J (1) 1 Culyer-Dawson's Culdaws Jitterbug Jojo. 17 month old sable and white bitch, correct head with lovely dark eye and pleasing expression, body of smaller size but in proportion, good coat, hindquarters strong and well muscled, moved with drive coming and going. PG (5) 1 Skerrit/Betts' Monkham's Nightingale JW. 17 month old tricolour bitch, a well constructed young lady, not overly large, correct head proportions, good ear set and sweet expressive eyes, ribs appropriately rounded and extending well back, correct tail set and length, good forward reach and strong hindquarters, a real show girl, pleased to award her BOB. 2 Culver-Dawson's Jukebox Jonny. Litter brother to the winner of the junior class, orange and white, well laid back shoulders, good depth of chest and length of ribs, I liked his movement which was true forward and aft. O (6) 1 Guernari/Dane's Cynetkoys Tinker Tailor. 2 year old tricolour male, of larger size, super head, carried correctly, shoulders well laid back, good body length, deep chest and strong hindquarters, a handsome boy and I was pleased to award him RBOB. 2 Wood's Beaujons Leading Lady JW. 2 year old tricolour bitch, very enthusiastic today, sweet feminine head, correct stop and ear set, good reach of neck, correct body length and strong hindquarters, moved true coming and going.

Patricia A Mclean (Stookewood)
